

PS14RP

High Performance Pedestrian Reach Stacker with Pantograph for Stacking & Racking Operations

INTRODUCTION

The PS 14RP series comes with many advantages that make operations effortless and faster to save logistics costs and to increase productivity. The high performance AC drive system, electric power steering and all lifting and travel operations are controlled by the state of the art tiller providing any advantages. These combined make the total logistics performance of this forklift impeccable.

Lithium Battery Pack

Clean, safe, environmentally-friendly Lithium battery pack, no risk of acid leakage, ideal for food, chemical, or pharmaceutical industries that require a clean environment. Additionally the fast charge and long life cycle dramatically improves productivity.

NOBLELIFT

Robust Design

Solid straddle legs in combination with the very robust chassis and mast makes the PS 14RP very durable.

Straddle Leg and Optional Bigger Load Wheel

The straddle leg design delivers high residual capacities to suit multiple applications. Optional larger single load wheel is available with 230mm diameter.

CAN-BUS Tiller

Lifting operations are at your fingertips with this CAN-BUS tiller. All functions are easy to operate and stacking operations become more productive and precise.

Proportional Lift

The proportional lift function ensures very exact positioning of fragile loads.

Noblelift AC Drive System

The AC Drive system gives high performance and ensures low maintenance costs. AC Drive high efficiency saves energy for longer operations.

Pantograph Reach

The pantograph reach provides operational flexibility to unload vehicles as well as rack and stack pallets.

Sideways Battery Exchange

During long or multi shifts the sideways exchange battery compartment reduces downtime to a minimum.

Control Elements

Key-switch, emergency switch and battery discharge indicator.

Storage Tray

The robust battery cover has storage areas for paperwork, pens, drinks and packaging.

Electric Power Steering

The electric power steering makes manoeuvring effortless even in tight spaces.
